

## Specifications

Name	Color plotter	
Model	JLZ-1000	
<b>Functional performance</b>		
Display	Resolution:XGA or SVGA / Instration:side	
Valid display range	Latitude 85 degrees or less	
Chart data	Overseas:NAVIONICS®+ / Japan:new pec	
Display scale	0.1~5000nm (Screen width)	
Display operation mode	North Up, East Up, West Up, South Up, Course Up, Head Up and Destination Up	
Position data display	Latitude / longitude, LORAN C, LORAN A and Decca	
Main screen display	Split (1 / 2 / 3 / 4 split)	Map screen (new pec: 2-screen display possible / NAVIONICS®+: 1 screen only), highway, various types of data, sounding and video
	Non-split	GPS reception, AIS information, DSB information, NAVTEX information
Track	Saved information	Color, L/L, Water temperature, depth, current 5 levels (current/drift/current set)
	Save interval	1, 2, 5, 10, 20, 30, 60, 120, 300, 600, 1200, 1800, 3600 seconds
	Time	0.01, 0.02, 0.05, 0.1, 0.2, 0.5, 1, 2, 5, 10nm
	No. of points saved	500,000 points (Display: 50,000 points)
	Display color	7 colors (normal, depth, and temperature: switchable)
	Other ship's track	TT 100 targets (with saving main unit) AIS 300 targets (without saving main unit)
Mark (Destination)	Type	36 types
	No. of points saved	50,000 points
	Display color	7 colors
	Comment input	14 characters
Route	No. of points saved	100 routes (1 route 100 waypoints)
	Comment input	14 characters
Line	No. of points saved	Solid line 50,000 points, Fill 50,000 points
	Display color	7 colors
Others	External event input, external buzzer output (log pulse), GPS buoy data input and DGPS224/GPS124 receiver direct connection	
Input power supply voltage	DC11~35V	
Power consumption	Less than 25W	
<b>Serial communication (input output)</b>		
No. of input/output systems	NMEA0183, JRC:2 output systems, 2 input systems NMEA2000:1 system	
Format	NMEA0183, JRC/NMEA2000	
NMEA0183 version	Ver1.5/2.1/2.3/4.0	
NMEA0183 output sentence	APA, APB, BWR, DBT, DPT, GGA, GLL, GSA, GSV, HDT, MTW, RMB, RMC, VHW, VTG, XTE, ZDA	
NMEA0183 input sentence	CUR, DBK, DBS, DBT, DPT, GGA, GLL, GNS, GSV, HDG, HDT, MDA, MTA, MTW, MWV, MVV, RMC, RPM, TLL, TTM, VHW, VTG, VWT, ZDA	
NMEA2000 output sentence	128259, 128267, 129026, 129029, 129283, 129284, 129285, 130310	
NMEA2000 input sentence	126992, 127250, 127488, 127489, 127497, 127498, 127505, 128259, 128267, 129025, 129026, 129029, 129539, 129540, 130306, 130310, 130311	
<b>Environment conditions</b>		
Operating temperature range	Processing unit: -10°C to +50°C, Operation unit: -15°C to +55°C	
Storage temperature range	-25°C to +70°C	
Waterproof	Processing unit:IP22 (floor-mount) / IP20 (wall-mount), Operation unit:IP22	

• new pec is the name of the new personal electronic chart that is made available the Japan Hydrographic Association.

• NAVIONICS®+ is a registered trademark of Navionics.

• NAVIONICS®+ is the electronic chart data that is made available by Navionics.

For the information regarding the NAVIONICS®+ electronic chart, please contact JRC.

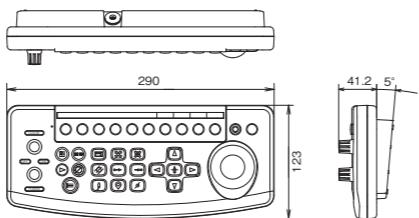

• Specifications may be subject to change without notice.

## Configurations

Item name	Mode	Q'ty
<b>Standard configuration</b>		
Processing unit	NDC-1752	1
Power supply cable	CFQ-7516	1
Spare fuse	51NR205000	1
	51NR207000	1
Operation unit	NCH-748	1
Velcro tape	MTZ302573	2
Flush-mount kit	MPTG31340	1
Instruction manual	7ZPNA4661	1
Simple operation guide	7ZPNA4663	1
<b>Options</b>		
GPS receiver	JLR-4340	
DGPS receiver	JLR-4341	
GPS connection cable	CFQ-9000	
Map card	CDD-812	
Operation unit mounting metal fitting kit	MPXP32938	
MEDIA cable	CFQ-7517	
GPS antenna	NAY-1200	
LCD monitor (15 inch)	NWZ-157-J	
LCD monitor (10 inch)	NWZ-211	
Transducer (600W)	CFT-2505KZ	
Transducer (1kW)	CFT-2510KZ	

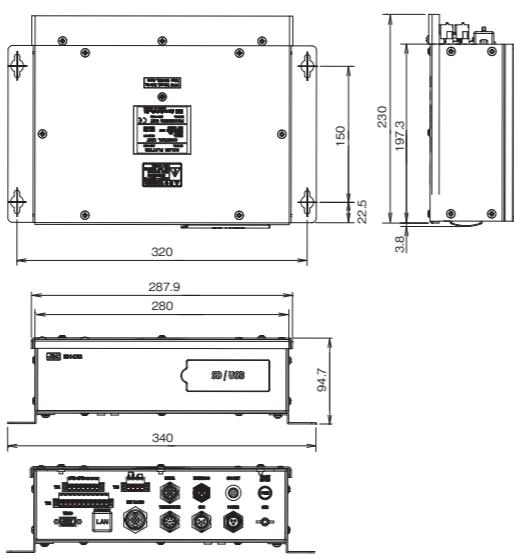

## Dimensions

**Operation unit NCH-748** Weight : About 1.1kg

unit : mm

**Processing unit NDC-1752** Weight : About 2.2kg

# Color Plotter JLZ-1000

※LCD monitor option

## Rapid chart rendering and display capabilities for the latest NAVIONICS®+ charts

- Split-screen functionality lets you view multiple kinds of information simultaneously
- Update support maintains use of the latest charts\*
- TT (ARPA) and AIS operation-assistive display capabilities installed
- New control additions for simple easy to use
- The user's ship's tracks and marks can be imported from other JRC devices

\*At customer discretion

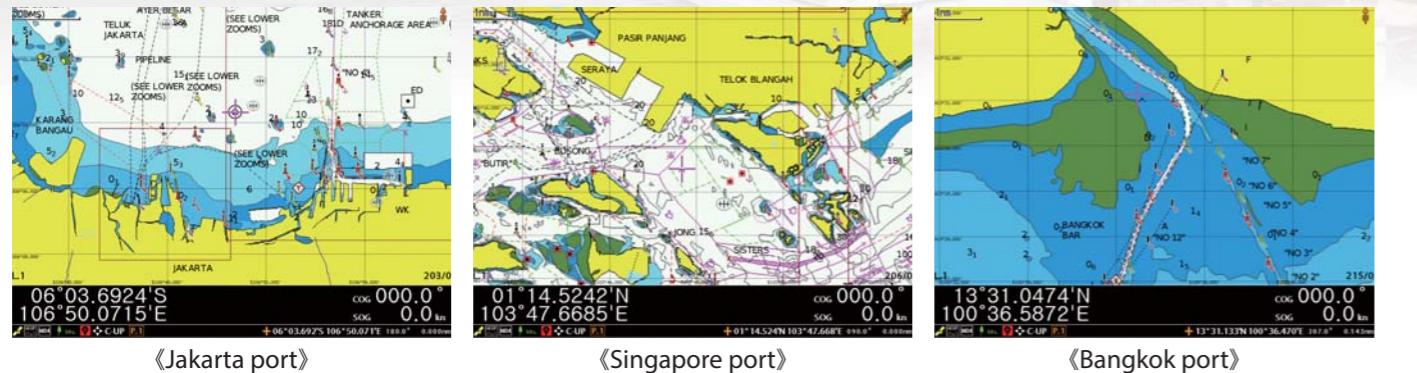

**Japan Radio Co., Ltd.**

# Rapid chart rendering and display capabilities for the latest NAVIONICS®+ charts

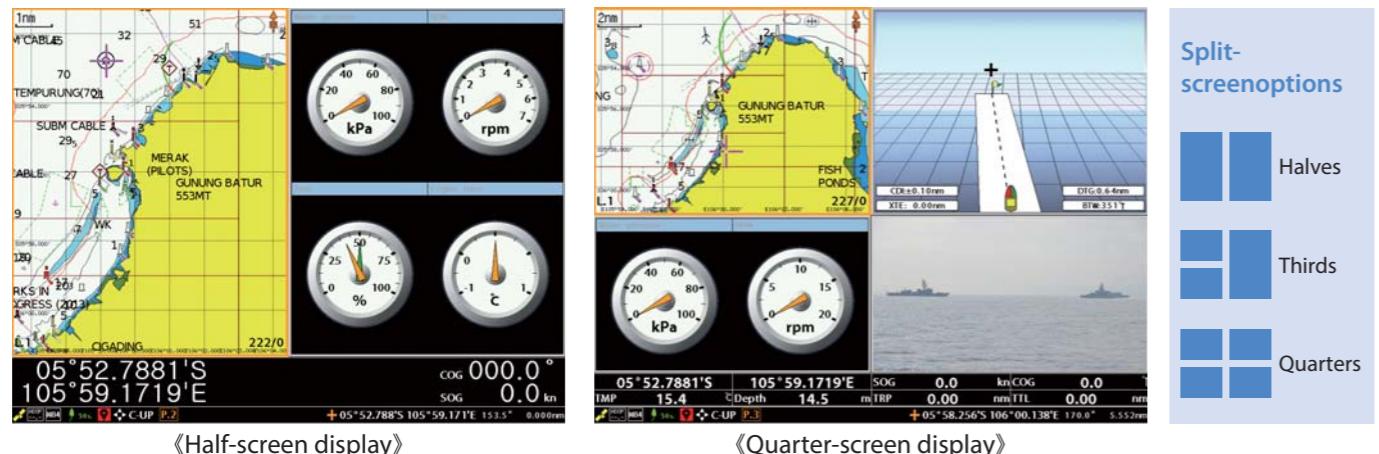

**Support for latest NAVIONICS®+ charts comes installed standard**

The newest NAVIONICS®+ allow for incredibly detailed display of sea areas. The JLZ-1000 color plotter also has a high-speed display for stress-free navigation and chart updates to let you operate using the latest data.

## Split-screen functionality to view various information simultaneously

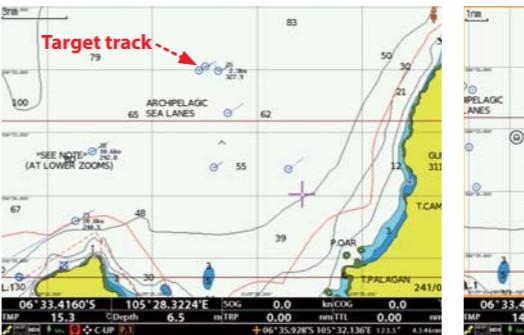

Display up to four kinds of various information including charts, highways, analog meters<sup>\*1</sup>, and monitoring displays<sup>\*2</sup> in split-screen simultaneously.

\*1 : Connect the NMEA2000 unit to display engine and fuel information.

\*2 : By connecting an external camera, a monitoring video feed can be displayed.

## Full suite of features

### Operation-assistive display features

TT (ARPA) display

The radar's TT functionality displays the trails of other ships.

Sounding display

Displays the sounding function on connecting the transducer.

AIS display

Connect an AIS receiver to display AIS information.

### New key layout for comfortable navigation

The JLZ-1000 allows you to carry out all operation simply by using the keyboard even in turbulent waters.

#### Preset keys

Assign different functions to each button. Up to ten presets can be set in total.

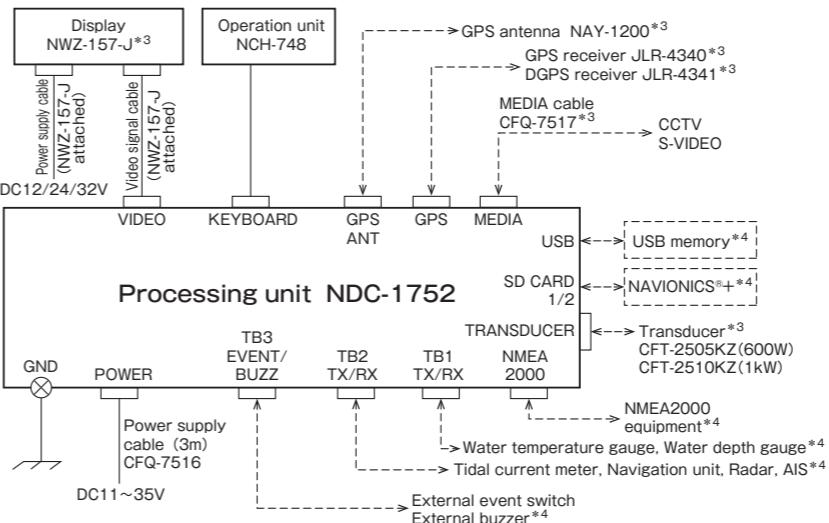

#### Pre-sets

- Set event mark
- Set cursor mark
- TT track display
- Screen display (charts, depth information, data readouts, highways, destinations, routes, GPS, AIS DSB, and NAVTEX information)
- Chart display settings
- Information readouts (TT, GPS buoys, AIS, DSB)
- Tracking information (water depth, temperature, currents, date, and time)

#### Preset key example
